Minutes

of the December Bureau Meeting of the
FAI Aeromodelling Commission

**held at Olympic Museum,
Lausanne, Switzerland**
on Friday 5th December
and Saturday 6th December 2008

*Avenue Mon-Repos 24
CH-1005 Lausanne
(Switzerland)
Tél.: +41(0) 21/345.10.70
Fax: +41(0) 21/345.10.77
E-mail: sec@fai.org
Web: www.fai.org*

Present:

In the chair: Mr Bob Skinner (South Africa)

President of CIAM

Mr Dave Brown (USA)	F3A Sub-Committee Chairman
Mr Gerhard Wöbbing (Germany)	1st Vice-President
Mr Andras Ree (Hungary)	2nd Vice-President
	3rd Vice-President
	Treasurer
Mr Massimo Semoli (Italy)	Secretary
Mrs Jo Halman (Great Britain)	Technical Secretary
Mr Ian Kaynes (Great Britain)	F1 Sub-Committee Chairman
	FF World Cup Co-ordinator
Mr Bengt-Olof Samuelsson (Sweden)	F2 Sub-Committee Chairman
Mr Tomas Bartovsky (Czech Republic)	F3B/J Sub-Committee Chairman
	F3B/J World Cup Co-ordinator
Mr Horace Hagen (USA)	F3C Sub-Committee Chairman
Mr Bob Brown (USA)	F3D Sub-Committee Chairman
Mr Narve Jensen (Norway)	F4 Sub-Committee Chairman
Mr Emil Giezendanner (Switzerland)	F5 Sub-Committee Chairman
Mr Srdjan Pelagic (Serbia)	SM Sub-Committee Chairman
Mr Guy Revel (Czech Republic)	Media Consultant – WAG selection WG
Mr Mihail Zanciu (Romania)	Organiser 2009 F5 European Championship
Mr Marius Conu (Romania)	
Mr Zoran Lulic (Croatia)	Organiser 2009 F1A, F1B, F1C World Championships
Mr Emanuel Fernandez (Portugal)	Organisers 2009 F3A World Championship
Mr Rui Ferrera (Portugal)	
Mr Bernhard Schwendemann (Germany)	Organisers 2009 F1E World Championship
Mr Friedrich Wankel (Germany)	
Mr Fabrizio Ceccarini (Italy)	Organisers 2009 Aeromodelling WAG
Mr Vittorio Givone (Italy)	
Mr Miroslav Sulc (Slovakia)	CIAM Delegate - Observer
Mr Marian Jorik (Slovakia)	CIAM Alternate Delegate – Observer
Mrs Joanne Brown	Observer
p.t. Mr Max Bishop	FAI Secretary General
p.t. Mr Thierry Montigneaux	FAI Assistant Secretary General
p.t. Mr Cosette Mast	FAI Executive Secretary

The CIAM President, Mr Bob Skinner, opened the meeting on the 5th of December at 09.15.

1. Review of the 2008 December Bureau Meeting Agenda

New items identified:

- 1.1. Eurotour. Events register
- 1.2. DMFV and CIAM negotiation

2. Approval of the Minutes of the Bureau and Plenary Meetings of March 2008

The Bureau unanimously approved the Minutes of the Bureau and Plenary meetings of March 2008.

3. Matters Arising

Jet Models: No report has been received from the working group. Also no further developments or contact with group from UAE.

3.1. Composition of FAI Jury panels.

A new working group has been composed by Ian Kaynes, Andras Ree and Jo Halman for preparing a proposal.

**Action: Ian Kaynes, Andras Ree, and Jo Halman
March Bureau Meeting**

3.2. Link from CIAM web page to WAG site.

Thierry Montigneaux to action.

**Action: Thierry Montigneaux
March Bureau Meeting**

3.3. Acquisition, preservation of flying sites. "Recreational" fliers (noise, and competition for sites by other sports). No report received. Gerhard Wöbbeking to action.

**Action: Gerhard Wöbbeking
March Bureau Meeting**

4. 2008 General Conference and CASI Meetings Report by CIAM President, Bob Skinner and FAI Secretary General, Max Bishop.

The CIAM president and the FAI Secretary General delivered a brief verbal report. A new WAG managing director has been appointed. The 2009 WAG organisation is proceeding well.

The new FAI sporting licences database will be available from January 2009. A beta-testing period is planned.

5. WADA. Report by FAI Secretary General, Max Bishop

WADA updated anti doping rules, with small modifications, are effective from 1st January 2009. Max Bishop pointed out that WADA is intent on the application of the rules. Each Commission should have its own rules, and the Technical Secretary is tasked to draft a proposal.

Many Federations, not yet applying them, would not be recognised as sport organisations.

A common "out-of-competition-testing" process has not been yet established and each nation can decide its own process to which the competitors shall adhere. Competitors must submit a TUE (Therapeutic Use Exemptions) form if they have to take banned substances for medicinal purposes. Championships bulletins should include this requirement. If any national anti-doping organisation requires on-site testing, the competition organiser will need to have available, appropriate facilities (private and secure location).

The doping is not a major concern for aeromodelling. However, it cannot be ignored.

**Action: Technical Secretary
March Bureau Meeting**

6. 2008 World Championships Reports by Jury Chairmen

6.1. **F1A, F1B, F1P Juniors Free Flight. Ukraine. (28 July to 3 August). Gerhard Wöbbeking**

Written report submitted prior to meeting.

- 6.2. **F1D Indoor Seniors and Juniors. Serbia. (17 to 22 August). Gerhard Woebbeking**
Written report submitted prior to meeting.
The “Ernest Kopecky Memorial Trophy” for F1D WCh Longest Flight, and the “Rushbrooke Trophy” for F1D World Champion, could not be awarded to Ivan Treger of Slovakia. It transpired that the two trophies were still at the AMA headquarters in the USA. Dave Brown undertook to ensure that both trophies were delivered to Mr Treger.
**Action: Dave Brown
End of January 2009**
- 6.3. **F2A, F2B, F2C, F2D Control Line Sen & Jnr. France. (28 July to 4 August). Andras Ree**
Written report submitted prior to meeting.
There were some problems due to the non-availability of practice circles.
The Bureau was very concerned to learn that the British flag was not flown for the entire duration of the championships, despite several requests from the British team, and unfulfilled promises by the organisers. This breach of protocol is unacceptable and must be viewed in a serious light.
- 6.4. **F3J Gliders Seniors and Juniors. Turkey. (29 June to 6 July). Tomas Bartovsky**
Written report submitted prior to meeting.
There was a distinct lack of thermal activity. The 3-metre rule has been waived after agreement at a Team Manager’s meeting. Very close results and the winner was decided with additional fly-off flights.
- 6.5. **F4B Scale Seniors and Juniors, F4C Scale. Poland. (11 to 20 July). Narve Jensen**
Written report submitted prior to meeting.
The Junior championship was cancelled since only two nations were represented. If it had been known in advance that these two nations would be attending, then the USA could have sent a team, making this event valid for a Junior WCh.
- 6.6. **F5B, F5D Electric. Ukraine. (14 to 21 September). Sandy Pimenoff**
Written report submitted prior to meeting.
Well run event despite the atrocious weather conditions. The flying site could only be accessed with difficulty. Only three flights were flown, without the possibility to discard the worst result. The food was poor and the ablution facilities very bad. No heating system in the hotel. The President stated that the Bureau must insist on all the requirements before assigning a championship. Emil Giezendanner suggested a list of minimum standards to be required for holding a championship.
**Action: Bureau
March Bureau Meeting**
- 6.7. **Spacemodelling Juniors and Seniors. Spain. (22 to 28 August). Srdjan Pelagic**
Written report submitted prior to meeting.
Good championship with good hospitality, food and hotel. Communication problems due to inexperience and language differences with timekeepers.
Srdjan Pelagic reported that the reduction of the classes from eight to five, reduced the participation of about 30% for the juniors. The Technical Secretary had repeatedly warned that the selection of classes shouldn’t be left to the organiser but decided in advance as standard.

7. **2008 Continental Championships** Reports by Jury Chairmen

7.1. **F1A, F1B, F1C Free Flight. Bulgaria. (31 August to 7 September). Andras Ree**

Written report submitted prior to meeting.

Good championship. The report failed to mention that some models were stolen, and payment required by local population for returning them.

7.2. **F1E Free Flight. Seniors and Juniors. Germany (13 to 20 September). Srdjan Pelagic**

Written report submitted prior to meeting.

The site was considered not suitable for holding F1E Championship, mainly due to the variable wind conditions. Ian Kaynes received critical reports from four team managers stating that there were too many trees, and wind conditions were too strong and unfavourable for sporting results. Srdjan Pelagic confirmed the wind speed to be 1.5 m/s max. and, despite the trees, the time keepers worked according to the rules. Gerhard Woebbeking explained that a German expert was consulted and gave his approval for the contest site. However, he expressed his concerns for the next F1E WCh to be organised in Germany.

7.3. **F3A R/C Aerobatics. Italy. (23 to 30 August). Bob Skinner**

Written report submitted prior to meeting.

The championship was conducted in an atmosphere of excellent organisation, planning, and near-perfect execution, with good sporting results.

The Dutch team manager exhibited unsporting behaviour by formulating a protest against the judging panel. He also used the public address system without authority to broadcast his intentions, and coerced other teams to join him in this action.

With effect 1 January 2009, the Sporting Code provides for disqualification of an individual or an entire team for such conduct, after due process.

7.4. **F3C Helicopters. France. (5 to 12 July). Horace Hagen**

Written report submitted prior to meeting.

Very successful championship. One judge showed significant national bias during the fly-off rounds, and it was recommended that this judge not be used for future international competitions. The President commented that the sub-committee chairmen have the authority to recommend to organisers that judges who have not performed adequately, not be nominated for duty. The F3C Sub-committee chairman will provide the president with data for sending a letter of censure to the NAC.

Action: F3C Sub-committee chairman & President

7.5. **F3A Ocean Oceanic R/C Aerobatics. Chinese Taipei. (19 to 26 October). Bob Skinner**

Written report submitted prior to meeting.

Good championship, but lack of experience and some communication problems. Jury had to help prepare the field layout. Organisers did not have enough experience.

7.6. **F3C Asian Oceanic Helicopters. The Philippines. (25 to 31 May). Horace Hagen**

Written report submitted prior to meeting.

Very successful championship. Fewer countries entered than hoped for and expected after promises at the previous championships. Horace Hagen ran a small judges seminar. The President reminded the F3C sub-committee chairman to keep communicating with each of the seminar participants, to keep them motivated.

8. Extraordinary Items concerning World/Continental Championships

Discussion was held about the tour day/rain day during a championship. Various opinions were put forward but the solution for better use of the tour day was not found. The Technical Secretary commented that any tour was optional and, if one was to be offered, then it should be scheduled at the end of the Championship and not during it.

In any event, the rain day is necessary as a spare day for assuring the completion of the championship in case of weather or other delays.

Gerhard Woebbecking suggested that future organisers could provide only tourist information, as opposed to an organised tour.

9. Perceived extortion of competitors by organisers. High costs for accommodation, banquet

Some national teams reported that some north-east European country organisers asked double rate for hotel accommodation, compared to website-listed rates. Often the organisers book all the rooms for the Championship and the competitors have no alternative solutions. The same organisers ask high banquet costs (about 40-50 euros) for a snack meal and alcoholic beverages. Ian Kaynes reminded the meeting that few organisers provide the championship budget for evaluation and approval at the December Bureau meeting as laid down in the Code.

Dave Brown suggested that the jury presidents include a short financial/economic summary in the FAI Jury report.

Action: FAI Juries

10. CIAM minimum-standards for sites of championships: access, layout, shade/shelter, ablutions, etc

The President pointed out that minimum standard requirements have to be identified and included in the organisers guide. Emil Giezendanner proposed a working group, composed of himself (chairman), Dave Brown, and Srdjan Pelagic. Since the minimum standards are different for each category, the President requested that all the sub-committee chairmen provide the relevant data to the working group.

**Action: Sub-committee chairmen & Emil Giezendanner
March Bureau Meeting**

11. Judges' performance at World and Continental Championships

11.1. Judges' analysis: F2B, F3A, F3C, F4, S

F2B – As notified by Bruno Delor, the usual judge scoring analysis for the F2 WCh has not been performed. The F2 sub-committee chairman to action.

**Action: F2 Sub-committee chairman
March Bureau Meeting**

F3A – Bob Skinner reported that the new judges at the ECh in Italy performed well. No bias shown at the Asian Oceanic championship in Chinese Taipei.

F3C – See item 7.4 for the ECh. No bias shown at Asian Oceanic championship in Philippines.

F4 – No bias shown in either class.

Space modelling – No bias shown.

11.2. Recommendations

For F2, Andras Ree and Dave Brown stressed that it was very important to take action regarding the huge workload for judges, and the continuous noise generated during team racing and combat.

Andras Ree and the F2 Sub-committee chairman were asked to consider the preparation of seminars for judges training.

Two calendar years of suspension must be applied for the F3C judge that showed bias at the F3C ECh in France (see item 7.4).

12. Jury performance at World and Continental Championships

The President asked members of FAI jury panels to remain independent in their actions from the organisers. The FAI jury has a vital role and shall use an “enlightened common sense approach” for facing the issues and protests that could occur during a championship. The “CASI International Jury Members’ Handbook” shall be followed, useful in particular for managing protests. Andras Ree stated that Jury members must be pro-active and should anticipate potential problems, co-operating with the Contest Director. Gerhard Woebeking commented that language difficulties often create problems, and NACs nominate jury members who are too old, and not ideally suited for jury duty.

13. Sporting Code Section 4 and related items. Report by CIAM Technical Secretary, Jo Halman

A written report was submitted and distributed for perusal prior to the meeting.

The submission of candidates’ names for the lists of Judges and Sub-committee members that FAI sends annually to each NAC for updating and approval, was discussed. Various opinions were expressed for managing the data. Thierry Montigneaux raised an access to information issue, since personal data (postal and e-mail addresses) of Judges and Sub-committee members is published in the public domain.

The Secretary will collect suggestions from the Sub-committee chairmen, to enable the identification of a solution for proper management of the lists.

**Action: Secretary
March Bureau Meeting**

The Technical Secretary presented the draft rule change proposals for Volume ABR, and the Bureau proposals. This analysis had been presented in written form to the Bureau.

The summary is reported in Annex 1 to the Minutes of this meeting.

Because of time constraints, some proposals were not discussed and have to be emailed to the Bureau members after this meeting for decisions.

Action: Technical Secretary

14. Volume ABR B.5.2 Local Rules management

The organiser of an F2C international requested permission for 2-up team races, for safety reasons, claiming the application of ABR B.5.2 as a local rule.

The President stressed that this clearly infringes the official Sporting Code rules, and in any event, the application of local rules does not allow infringements. The Technical Secretary will draft a proposal for a clear and common understanding, to be evaluated by Bureau.

**Action: Technical Secretary
March Bureau Meeting**

15. Implementation date of rule changes

The President stated that the implementation date for rule changes remains unchanged, and the usual timetable will be applied.

16. Composition of CIAM sub-committees

Bengt-Olof Samuelsson enquired about the possibility of using more than one sub-committee member from the same nation, in view of the diversity in the F2 class. Tomas Bartovsky mentioned that the number of the sub-committee members is limited anyway. The Technical Secretary, supported by Dave Brown, pointed out that only one vote per nation should be permitted. Since each sub-committee can have various requirements or options, the President asked for a detailed discussion via e-mail.

**Action: President, Bureau members
March Bureau Meeting**

17. Duties of Bureau members and sub-committee chairmen

The Secretary and the Technical Secretary are severely overloaded in their tasks, and a restructuring in their workload is required. The amount of proposals to change rules is increasing every year. The Secretary reported that improvement had been achieved regarding the deliveries of the CIAM reports (Championships and World Cup reports, Sub-committee reports, etc) and Championship Bulletins, all of them in preparation of the December Bureau Meeting. Further efforts are required to ensure full receipt of all the reports and bulletins before starting the December Bureau meeting. As highlighted by the Technical Secretary, many of the proposals for rule changes were sent to FAI electronically, but in unreadable format. The Secretary will identify solutions to improve the situation.

**Action: Secretary
March Bureau Meeting**

The Technical Secretary and Secretary spoke about the possibility of creating a new page on the FAI website as a repository of the various reports and bulletins, to be used for the Bureau meetings. Thierry Montigneaux to be approached, for operation in 2009.

**Action: Technical Secretary & Thierry Montigneaux with Secretary support
March Bureau Meeting**

The President underlined that the CIAM has to concentrate more on a cohesive strategic plan, and directions for the future. He suggested the addition of an extra day to the 2009 March Bureau meeting for this purpose, with unanimous approval from the Bureau. A working group, composed of Andras Ree and Bob Brown, must identify the points of discussion. Max Bishop offered to contact TSE Consulting, for facilitation of this strategy session.

**Action: Andras Ree & Bob Brown with Max Bishop support
March Bureau Meeting**

18. Information schedule concerning awarded championships

Item solved last year. No further action required.

19. 2008 World Cups. Reports by World Cup co-ordinators

19.1. Free Flight: Ian Kaynes

A written report was presented.

19.2. Control Line: Jean Paul Perret

A written report was presented.

The F2 sub-committee chairman said that the number of competitors equalled previous years. The report showed the results relevant only to the first ten competitors.

19.3. F3A R/C Aerobatics: Pierre Pignot

A written report was presented.

It was the first year of this category and no problems were reported.

19.4. Thermal Soaring and Duration Gliders: Tomas Bartovsky

A written report was presented.

The world cup co-ordinator informed the meeting that many of the results were delivered later than one month after the event. No results had been delivered for the Hungarian Krona Cup.

19.5. R/C Electric: Emil Giezendanner

No World Cup was scheduled this year.

19.6. Space Models: Srdjan Pelagic

A written report was presented. No problems reported.

20. World Cup management. Non-submission of reports. World Cup Juries

No problems reported for the management. Dave Brown, Ian Kaynes, and Guy Revel suggested changing the submission time to a shorter period. New World Cup rules will be effective in 2009 which could resolve the problem. The matter will be reviewed at the 2009 December Bureau meeting.

21. 2008 Annual reports by Subcommittee Chairmen. Additional information, comments

21.1. Free Flight: Ian Kaynes

A written report was submitted.

21.2. Control Line: Bengt-Olof Samuelsson

A written report was submitted.

21.3. R/C Aerobatics: Bob Skinner

A written report was submitted.

21.4. R/C Soaring: Tomas Bartovsky

A written report was submitted.

21.5. R/C Helicopters: Horace Hagen

A written report was submitted.

Severe bias by one judge was found during the final flights of the ECh. The report needs to be modified to mention this.

21.6. R/C Pylon: Bob Brown

A written report was submitted.

21.7. Scale: Narve Jensen

A written report was submitted.

21.8. R/C Electric: Emil Giezendanner

A written report was submitted.

21.9. Lighter-than-Air: Marcel Prevotat

There was a written report for the activities of this sub-committee for the first time. Activity only in a few countries: France, Germany, and two groups in Switzerland. The German member is not approved by the German NAC and cannot be a member of this Sub-committee. He appears to be interested enough and Gerhard Woebeking and Guy Revel will contact him.

**Action: Gerhard Woebeking, Guy Revel & Marcel Prevotat
March Bureau Meeting**

21.10. Space Models: Srdjan Pelagic

A written report was submitted.

21.11. Education: Gerhard Woebeking

A written report was submitted.

Gerhard Woebeking is no longer engaged with Free Flight responsibilities on the German NAC, and can therefore dedicate more time to the Education Sub-committee and scholarship.

22. 2008 Plenary Meeting

22.1. Agenda

Draft of the agenda has been presented and discussed.

cont/...

22.2. Technical meetings

The following technical meetings are scheduled:

F1, F3A, F3B, F3C, Education.

An F2 (interim) meeting will be held if the changed proposals require it.

The following rooms may be available:

- Three rooms, and auditorium at the Olympic Museum
- Three rooms at Aulac Hotel
- One room at Hotel du Port (F2 only).

22.3. Bureau proposals

The Bureau proposals have been discussed at item 13.

The Bureau proposals identified in Annex 1 of these Minutes will be included in the Plenary agenda.

Action: Secretary

Some problems with the NAC proposals have been found.

The Canadian proposal can be accepted since it was sent by the delegate.

One USA F3K proposal cannot be accepted since it was sent by a person unknown to the NAC, and unknown to the sub-committee..

The USA proposals need to be stamped and signed. Dave Brown to action, with formal proposals sent by fax next week to the FAI office.

**Action: Dave Brown
Next week**

Post meeting note: Action closed

Hard copies of the French proposals forms have not been stamped and signed. The Secretary will check with the FAI office whether they arrived with a formal accompanying letter.

**Action: Secretary
Next week**

**Post meeting note: a formal letter, stamped and signed, accompanied the French proposals
Action closed**

TO BE NOTED:

The Secretary wished to remind the meeting and NACs that proposals cannot be effective in the year of the WCh of the category they belong to unless for urgent clarification or noise rules.

Therefore, proposals, received in the wrong year, will not be recorded in the Plenary Meeting minutes, since “deferred proposals” no longer exist as an administrative option, and the NAC must submit them again the next year.

22.4. Written description of voting procedure for rule change proposals

This matter has been discussed at item 13.1.

22.5. Award ceremonies

The Awards ceremony will be presented in the same way as 2008.

The 2008 World Cup awards will be for the classes F1A, F1A junior, F1B, F1B junior, F1C, F1E, F1E junior, F1P junior, F1Q, F2A, F2B, F2C, F2D, F3A, F3B, F3J, S4B, S6B, S7, S8E/P and S9B.

cont/...

22.6. Nominations for CIAM awards

All the nomination forms were properly signed and stamped.

The nomination of Luis Parramon (Spain) for the Andrei Tupolev Medal has been rejected since it refers to two different years.

The nomination form of Luis Parramon (Spain) for the Andrei Tupolev Diploma needs to be amended, removing the non-homologated records. The Secretary will ask the FAI office to contact the Spanish NAC.

Action: Secretary

Alphonse Penaud Diploma

- David Hobby (Australia)
- Pascal Surugue & George Surugue (France)
- Peter Halman (Great Britain)
- Luis Parramon (Spain)

Andrei Tupolev Diploma

- Luis Parramon (Spain) – to be amended by the NAC

Antonov Diploma

No candidates

Frank Ehling Diploma

No candidates

Andrei Tupolev Medal

- Ivan Treger (Slovakia)

FAI Aeromodelling Gold Medal

- Jiri Havel (Czech Republic)
- Sandy Pimenoff (Finland)
- Pierre Pignot (France)
- Martin Dilly (New Zealand)
- Miroslav Sulc (Slovakia)
- Harry Stine (USA)

23. 2009 Sporting Calendar. Presented by CIAM President, Bob Skinner

23.1. Clashes

The Sub-committee chairmen are required to check the last version of the sporting calendar issued by the FAI office. The calendar is a live document therefore the last download may not be up-to-date.

The President noticed some clashes between World Cup, Open International, and WAG contests but they don't cause concerns, since very few participants are affected by these.

24. Appeal to FAI by NAC of Israel. F3C European Helicopter Championship, France

The President informed the meeting that the Aero Club of Israel has lodged an appeal with the FAI. This followed after a failed protest, where the members of the Israeli team were disqualified for one round after failing to collect their transmitters.

Max Bishop explained that the CASI President has to nominate a three-member tribunal which will hear the facts. The Contest Director may be called as a witness. One of the members of the tribunal has to be an expert aeromodeller.

Dave Brown offered to write a letter collecting proper data to be passed to CASI. The Technical Secretary will support it.

Action: Dave Brown with Technical Secretary support

25. FAI Code of Ethics – Conflict of interest

25.1. FFAM Complaint. Exclusion of French judge at F4 W Ch, Poland.

The President informed the meeting of the details of the complaint. A French judge was invited as a substitute, and his son was competing in the championship. The jury asked the judge to excuse himself from the panel whenever his son was flying, with agreement from father and son. The President provided an explanation, which the FFAM reluctantly accepted.

After discussion, it was established that the FAI Code of Ethics is sufficiently clear for the definition of commercial and family conflicts of interest.

26. FAI Licences central database

Thierry Montigneaux elaborated on the introduction of the new FAI Licence central database, effective 1st January 2009. The details will be transmitted to NACs and beta-tested for the first quarter of 2009. Up to now 34 countries, out of 89, provided relevant data.

Firstly, the FAI will upload the database; subsequently the NACs will have the responsibility to upload it with appropriate and up-to-date data, in a timely way. Despite the fact that hard copies of the licences will be always issued and requested, the database is the final authority. It is imperative that NACs upload the data in a timely and effective way.

CIAM is requested to notify the FAI office of two selected championships for the verification of the database functionalities.

Action: President

On Ian Kaynes' request, Thierry Montigneaux confirmed that safe access to the database, including temporary access for the organisers, will be arranged. Thierry Montigneaux will provide the Bureau members with the details for proper use of the database.

Action: Thierry Montigneaux

27. Aeromodelling Fund. Report by CIAM Treasurer, Andras Ree

A written report was made available by the treasurer.

The Treasurer informed the meeting that the budget structure was changed to be clearer.

The report will be updated after the Bureau Meeting and sent to the Secretary.

Action: Treasurer

27.1. Sanction fees, including Eurotour/Open Internationals

Forms for 26 contests have been received, with no requests for Eurotour contests. Some payments are missing, and only when payment had been received by the FAI office, will these events be listed on the sporting calendar.

27.2. Payments of medals

The Treasurer was tasked to contact Sandy Pimenoff to establish the number of medals presently in stock. (There is sufficient stock of World Cup medals for eight years).

Delays have occurred in delivering the medals for Junior competitors. Delivery is managed directly between the organisers and Sandy Pimenoff. The costs of these medals have increased significantly in the last three years. The President stated that FAI should manage the manufacture and delivery of the medals for juniors once the present stock has been depleted. The Bureau unanimously agreed.

**Action: Treasurer
March Bureau Meeting**

The President will notify Sandy Pimenoff of the above arrangement.

**Action: President
March Bureau Meeting**

The Technical Secretary will investigate whether the above arrangement requires a change of the ABR rules, and draft a proposal if required.

Action: Technical Secretary

28. FAI Medals for 2009

All medal requests have been received by Christine Rousson. The medals for 2009 will be ready at the Plenary Meeting.

29. Carriage of Models by Airlines. Letter from FAI

The letter has been prepared and distributed.

Action: FAI Office

30. Environmental Management System for FAI airports

The matter was discussed during the CASI meeting.

The President pointed out that significant environmental impacts may be caused by aeromodelling activity: discarding of (nickel) cadmium batteries, use of methanol, carbon fibre, boron, etc and the generation of smoke and noise. A report will be circulated, issued by the FAI Environmental Commission.

**Action: President
March Bureau Meeting**

31. Championship Organisers Guide/FAI General Handbook

The President informed the meeting that Mr. Bengt-Erik Fonsell of the FAI Executive Board is assembling the handbook and that the Bureau members can contact him directly if necessary.

32. Entry forms. User-friendliness of web/on-line/live applications

The Technical Secretary confirmed that the use of entry forms available on the various Championship organiser websites, are useful for organisers but not for teams, who need hard copies as proof of entry and of payment. Moreover, intensive effort is required for filling out individual online forms when the number of competitors and supporters is large (e.g. 70 people for an F2 Championship). Electronic spreadsheets seem not to be acceptable by the organisers as a global entry form.

Bengt-Olof Samuelsson suggested that organisers must provide confirmation of receipt of data. The Technical Secretary will assess whether a Bureau proposal is necessary.

Action: Technical Secretary

33. CIAM Trophies. Report by CIAM Secretary, Massimo Semoli

A written report was submitted prior to the meeting.

The “Ernest Kopecky Memorial Trophy” for F1D WCh Longest Flight, and the “Rushbrooke Trophy” for F1D World Champion could not be awarded to Ivan Treger of Slovakia. See item 6.2.

**Action: Dave Brown
March Bureau Meeting**

The “Jack North Memorial Trophy” for General Classification F1A/F1B/F1C ECh has been found damaged, and with the wrong protective box. Investigation is still in progress to find the right protective box.

The Secretary described a new process for managing the transfer of the Trophies and the verification of their condition.

The Secretary asked the Bureau to evaluate a new process including a new Trophy Report Form. One form will be used for Championships Trophies by the organiser and the FAI Jury at each Championship. The other form will be used for World Cup Trophies by the Secretary at the Plenary Meeting. FAI will evaluate the forms before making them available on the FAI website. The Secretary will pre-fill the forms each year.

To create interest and awareness of the FAI trophies, the Secretary suggested that this information (name of trophy) be included in the e-mail announcement of the results of each Championship.

The Bureau approved, and a bureau proposal will be prepared.

Action: Secretary and Technical Secretary

Minutes of the 2008 CIAM December Bureau Meeting – Lausanne, 5 – 6 December, 2008

.../cont 33 CIAM Trophies

Ian Kaynes notified the meeting that the base of the F1A WCh Swedish Glider Cup needs to be extended to allow for engraving of future champion names. The NAC of Great Britain will modify the trophy when Per Findal, who won the trophy in 2007, makes it available. Ian Kaynes will keep the Secretary informed.

Action: Ian Kaynes

34. CIAM Flyer. Report by the Editor, Emil Giezendanner

Emil Giezendanner delivered a verbal report. Issue 5 of the CIAM Flyer has been published. Issue 6 preparation is in progress. The Bureau members are requested to provide Information and material to the Editor.

35. WAG 2009. Report by CIAM WAG Selection committee chairman, Guy Revel

The year 2008 was devoted to selection events and the official WAG Test Events. There were 284 entries from 17 countries for the selection events.

One of the HTG selection events in France could not be accepted since the organisers did not adhere to the pre-entry conditions, and no results were provided by the stipulated time after the event. When results did arrive, there were two conflicting sets.

The F6B selection event held in Switzerland on 15th November could not be accepted since it was not flown to F6B rules.

Guy Revel will notify the two organisers that the CIAM Bureau has invalidated the two contests.

**Action: Guy Revel
March Bureau Meeting**

The Bureau approved the list of WAG officials, and the list of qualifying competitors as presented by Guy Revel.

36. 2009 World Championships. Reports on preparation by representative of organisers.

36.1. F1A, F1B, F1C Free Flight: Croatia presented by Mr Zoran Lulic

The bulletin shall be modified to reflect the correct protest fee (35 €).

Andras Ree to replace Gerhard Woebbeking as FAI jury member.

The FAI Jury was approved, and fees and accommodation were acceptable.

Ian Kaynes will check whether Mr Damir Kosir is able to perform jury duties in English.

Action: Ian Kaynes

The Bureau evaluated and approved the details of the Championship.

Date	19 - 26 July 2009	7 nights
Venue	Bjelopolje,	
Fees	Entry: Competitor	€ 245
	Team Manager and Team Manager's Assistant	€ 150
	Helper and Supporter	€ 30
	Accommodation and Meals (full board)	€ 45 per person per day
	Banquet	€ 40

37.4. F3J Gliders Seniors and Juniors. Poland presented by Mr. Tomas Bartovsky

The organiser of the Championship was not present.

The FAI Jury and Judges were approved.

The Bureau considered the hotel information contained in Bulletin 0 to be not sufficient for identifying reliable costs of the Championship. The Bureau decided to allow an extension to 31 December 2008, for the organiser to provide full information on all the available accommodation options.

Post meeting note:

Full accommodation information and new bulletin have been provided by the organiser.

Fees and accommodation costs were acceptable.

The Bureau evaluated and approved the details of the Championship.

Date	8 - 16 August 2009	8 nights
